

Marion Strong Moore

Sue Wheatley Carr

We spent only four years at MHC. But the friends we made, the academic experiences and the adventures we had!!!! We want this to last for the rest of our lives.

Soooo...when we find out the dates for our 55th reunion, we want everyone, yes, everyone to sign up, come and celebrate these friendships and the College that brought us together.

We always love to hear from you and welcome suggestions for our 55th.
