

Sherry Wells Urner

In 2000, I retired (from IVF nursing at the University of CT.) and Jim and I moved to the New Jersey shore and to our summer cottage – and thus began the busiest phase of my life! I am now very busy with bridge lessons and duplicate games, racket sports and sailing activities, assorted volunteer and officer positions with church Vestry, Seaweeders Garden Club, Save Barnegat Bay, (a local non-profit advocacy organization,) a town Beautification committee and MHC '61. Mt Holyoke College “gave” so much to me – scholarships, opportunities for interesting studies, great teachers and mentors, and treasured friends - it’s always been important for me to “give back.” Volunteering for our class has always been a priority (class agent and Head Agent, reunion chair, Secretary and Scribe.) Currently I am honored to be President of the class; I enjoy being in frequent communication with old and new friends/classmates, with alumnae in various roles and with college leaders. I look forward to being together as a class, once again, at our 55th in 2016.
