

With very nice encouragement from some classmates and no pretentions of great skill, I decided to post a few of my photographs. My favorite subjects are people, birds/animals, and plants when the former won't stay still. And my favorite format is a notecard. Here are a few:

"Well, what do you think, Hillary or Bernie?"

"Damn wind!"

(Dunlin)

For seniors:

"I don't think they're down here!"

*(Ruddy turnstone)*

"Damn, where did I leave that nest?"

*(Orchard Oriole)*
