

## Sherry Welles Urner Nominating Committee

I am happy to report a lifestyle change: husband Jim/Andy and I feel fortunate to spend 5+ months in our cottage on the New Jersey shore and 6+ months as residents of Vero Beach, Florida in a beach and tennis community. We have escaped cold weather! Must admit though that both homes are on barrier islands - are we crazy?

I feel privileged to have been class President for the past 5 year term; I enjoyed so many contacts and interactions with classmates and college staff as well. I was happy to have the opportunity to “pay-back”, with gratitude, to a college that provided me with amazing experiences and opportunities. Currently, I continue responsibility to the class as a member of the Nominating Committee. The Nom Com will prepare a new slate of officers to be elected at our 60th - might YOU be interested? Please be in touch if you want to volunteer for an elected position or if you have suggestions of others who might accept an officer role.
