

## **Elsa Anderson van Bergen**

### **Treasurer**

It's a pleasure to be serving as class treasurer again. Work with our excellent planning committee for the 2016 reunion led to wise use of our class funds, especially towards reducing returnees' fees, with a good balance towards our 60<sup>th</sup> and beyond! I've been juggling community volunteerism with personal projects and family matters, the most joyful being time with our four young grandchildren. MHC connections, as some of you have recently emailed, are had in many forms: I meet alumnae through OLLI classes at Portland's USM as we all continue our education and explorations. Hope to see some of you in our new home near Kennebunk Beach, Maine.
